

Java script

Day 1: How JavaScript Works?

- JavaScript Ela Panichestundi?

JavaScript Ante Emiti?

JavaScript valla websites interactive avtayi, TV remote laga panichestundi:

- HTML – Structure istundi (TV screen laga).
- CSS – Colors & design (TV design laga).
- JavaScript – Interactivity add chestundi (Remote laga).

JavaScript Ekada Rayali?

1. HTML lo `<script>` tag lo rayachu.
2. Separate .js file create chesi, HTML lo link cheyyali.

1. Example: HTML Lo JavaScript

```
<!DOCTYPE html>
<html lang="en">
<head>
  <title>My First JavaScript</title>
</head>
<body>
  <h1>Welcome to My Page</h1>

  <script>
    console.log("Hello, Vamsi!"); // Console lo print avutundi
    alert("Welcome to JavaScript!"); // Screen meeda pop-up chupistundi
  </script>
</body>
</html>
```

Output Ela Chudali?

JavaScript output chudali ante?

1HTML file browser lo open cheyyali.

2Right-click → Inspect → Console lo check cheyyali

- `console.log("Hello, Vamsi!");` – Console lo message print avutundi.
- `alert("Welcome to JavaScript!");` – Screen meeda pop-up chupistundi.

2. JavaScript Separate File Lo Rayadam

Step 1: **script.js** create cheyyali.

```
console.log("Hello from script.js!");  
alert("This is from an external file!");
```

Step 2: HTML lo script.js link cheyyali.

```
<!DOCTYPE html>  
  
<html lang="en">  
  <head>  
    <title>JavaScript File</title>  
  </head>  
  <body>  
    <h1>External JavaScript File</h1>  
  
    <script src="script.js"></script> <!-- Link to script.js -->  
  </body>  
</html>
```

JavaScript Ekada Pettali? (Head vs. Body)

? Head lo pedithe – Page load ayyaka work avvadu.

? Body end lo pedithe – Page load ayyaka execute avutundi, errors avoid avutayi.

📌 Quick Recap

- ✓ JavaScript valla websites interactive avtayi (TV remote laga).
- ✓ HTML lo direct rayachu or separate script.js file lo petti HTML lo link cheyyali.
- ✓ Best practice: JavaScript ni `</body>` mundu pettadam for better performance.

Small steps lead to big results! Today, you learned how JavaScript brings websites to life. Tomorrow, let's dive deeper and make it even more powerful!

Day 2: Variables (Like Storage Boxes)
